

Things To Know Before You Go

Pre-trip Information

FLYING TO CAYMAN BRAC

Soon we will be greeting you at the resort. Before you land on our island, you'll clear customs in either Grand Cayman or Cayman Brac, depending on your air itinerary. Just a hint place all your carry on liquids and creams (no single item larger than 3 ozs) in a quart size zip lock bag (no larger size is allowed), marked with your name, the resorts name and the ph # 948-1323 so if lost they might find you to return items. Upon arrival in Cayman Brac, claim your luggage and exit the airport. Immediately outside the door, vans will be waiting to take you to our Resort. The transfer service is licensed via government contract and only they are able to transfer guests.

LUGGAGE RESTRICTIONS

Cayman Air does have a weight limit of 55 lbs. per bag for checked luggage, two pieces per person. Excess charges currently run \$35 for the next 55 lbs. If using Cayman Air commuter flights the weight limit is 55 lbs per person and excess charges currently run \$.50 per lb. The atmosphere at Brac is informal so it helps to pack lightly. **On occasion, luggage can be delayed and you may wish to include a few personal items in a small carry-on.** Please remember the 3-1-1 rule for liquids in your carry on. Liquids must be less than 3oz. all contained in a 1 quart Zip lock bag, and only 1 permitted per person.

DIVING

After checking in you'll be asked to complete a dive waiver form for the dive shop. Or if you wish you can go on line at <http://www.bracreef.com/diving.html> and fill it out prior to your arrival. ***Don't forget your "C" card. You won't be able to dive without it.*** Our boardwalks lead from your room to all points of interest, including the pier for a look at the dive boats you will be using. The boats depart each morning at 8:30am and again at 2:00pm. Water temperature ranges from 78° in winter to 86° in summer. Divers are encouraged to place their gear in a bag outside their door the first morning. The dive staff will pick it up and take it to the boat. The first time, divers are asked to set up their gear. After that the dive staff will take care of just about everything, including rinsing it after the day's diving.
